Establishing and Relocating Family Offices in the Cayman Islands

We have worked with family offices and private investment companies of all sizes on their establishment and relocation to the Cayman Islands. With a partnership including some of the most experienced Attorneys in the jurisdiction, we are able to advise on every legal element – from structuring and regulatory issues, to relocation of staff, work permits and real estate matters.

Whether we are working with a single or multi-family office structure,

whether we are dealing with a handful of employees or a substantial operation, and whether the family's roots are in the Americas, Europe, the Middle East or Asia, we have the expertise and long-experience to make things work.

Our team comprises specialists from all relevant legal disciplines, and we are equally comfortable acting as offshore counsel amidst the wider advisory ecosystem, to working as an "external in-house" legal function.
